

THE GLOBAL WATER MARKET IN 2018

EXECUTIVE SUMMARY

Utility markets	i
Utility capital expenditure by region, 2007-2022	i
Opportunities for smart and decentralised solutions	ii
Growth in spending by market, 2017-2022	ii
Industrial markets	iii
Industrial water and wastewater capital expenditure, 2015-2022	iii

1. SMARTER SPENDING IN DEVELOPED MARKETS

1.1 United States	1
Figure 1.1 Value of Construction Put-In-Place survey, 2008-2017	1
Figure 1.2 United States: Water utility capital expenditure forecast, 2015-2022	2
Figure 1.3 United States: Wastewater utility capital expenditure forecast, 2015-2022	3
1.2 Japan	3
Figure 1.4 Japan: Water utility capital expenditure forecast, 2015-2022	4
Figure 1.5 Japan: Wastewater utility capital expenditure forecast, 2015-2022	4
1.3 Western and Northern Europe	5
Figure 1.6 Countries in Western and Northern Europe by utility capital expenditure, 2015-2022	5
Figure 1.7 Western and Northern Europe: Water utility capital expenditure forecast, 2015-2022	5
Figure 1.8 Western and Northern Europe: Wastewater utility capital expenditure forecast, 2015-2022	6
1.4 Digital solutions for struggling utilities	7
Figure 1.9 Spending on digital control and monitoring solutions by product category, 2015-2022	8
Figure 1.10 Spending on data management and analysis solutions for utilities by region, 2015-2022	8
1.5 Opportunities in sludge management	9
Figure 1.11 Sludge management: Capital expenditure by region, 2015-2022	9
Figure 1.12 Sludge management: Capital expenditure by sector, 2015-2022	10
Figure 1.13 Sludge management: Capital expenditure by technology, 2015-2022	11

2. CHANGING FORTUNES IN THE BRICS

Figure 2.1 Utility capital expenditure by country, 2015-2022	12
2.1 China	12
2.1.1 Technology deficit enhanced by increased SOE competition	12
2.1.2 Growth of the smart water sector	13
2.1.3 Industrial treatment demands	13
Figure 2.2 China: Water utility capital expenditure forecast, 2015-2022	14
Figure 2.3 China: Wastewater utility capital expenditure forecast, 2015-2022	14
2.2 India	15
Figure 2.4 India: Water utility capital expenditure forecast, 2015-2022	16
Figure 2.5 India: Wastewater utility capital expenditure forecast, 2015-2022	16
2.3 Brazil	17
Figure 2.6 Brazil: Water utility capital expenditure forecast, 2015-2022	18
Figure 2.7 Brazil: Wastewater utility capital expenditure, 2015-2022	18

3. SIGNS OF GROWTH IN MEDIUM MARKETS

3.1 Saudi Arabia	19
Figure 3.1 Saudi Arabia: Water utility capital expenditure forecast, 2015-2022	19
Figure 3.2 Saudi Arabia: Wastewater utility capital expenditure forecast, 2015-2022	20
3.1.1 Greenfield investment in desalination	20
Figure 3.3 Desalination plants awarded in Saudi Arabia, 2006-2017	21
Figure 3.4 Independent Water Projects (IWPs) in 2017	21
3.1.2 Brownfield investment in desalination	21
Figure 3.5 SWCC's desalination portfolio	22
3.1.3 Privatisation of National Water Company assets	22
Figure 3.6 The National Water Company's plans for PPP	23
Figure 3.7 Brownfield opportunities in Saudi Arabia	23
3.2 Peru	24

Figure 3.8 Peru's planned wastewater PPPs	24
Figure 3.9 Peru: Water utility capital expenditure forecast, 2015-2022	25
Figure 3.10 Peru: Wastewater utility capital expenditure forecast, 2015-2022	25
3.3 Central and Eastern Europe	26
Figure 3.11 Central and Eastern Europe: Utility capital expenditure by country, 2015-2022	26
Figure 3.12 Central and Eastern Europe: Water utility capital expenditure forecast, 2015-2022	27
Figure 3.13 Central and Eastern Europe: Wastewater utility capital expenditure forecast, 2015-2022	27
3.4 The Philippines	28
4. DECENTRALISED SOLUTIONS SPREADING OUT	29
4.1 Market opportunities	29
4.2 Drivers and restraints	29
4.3 Decentralised solutions in the utility market	30
4.3.1 Oman	30
4.3.2 South Africa	30
4.3.3 Tunisia	30
4.4 Decentralised solutions in industry	31
4.4.1 Power generation	31
Figure 4.1 Selected examples from the power generation sector	31
4.4.2 Oil & gas	31
Figure 4.2 Selected examples from the oil & gas sector	32
4.4.3 Mining	32
Figure 4.3 Selected examples from the mining sector	32
5. TAKING BACK CONTROL WITH DESALINATION AND REUSE	33
Figure 5.1 Incremental contracted desalination and reuse capacity, 1990-2022	33
5.1 Regional focus: California, USA	33
Figure 5.2 A selection of planned reuse projects in California	34
